## Organizations Combine Efforts in Conjunction with One Day's Pay

The SERVE Center, Blue Key and Cardinal Key are asking the Truman and Kirksville communities for their help in connection with One Day's Pay through a food drive and blood drive, respectively. One Day's Pay is the initiative to establish Sept. 11 as a national day of voluntary service, charity and compassion to honor the victims and heroes of Sept. 11, 2001.

The SERVE Center asks all students, faculty and staff to participate in their food drive from 9:30 a.m.-4:30 p.m., Sept. 9-11, at the SERVE Center, located on the main floor of the Student Union Building. In addition, there will be drop-off locations in each residence hall Sept 9-11. A community food drive drop off will be available from 6 a.m. until 6 p.m., Sept. 11, at Hy-Vee and Wal-Mart. All the food will be donated to the local Salvation Army which recently issued a plea for help in restocking their shelves.

Blue Key and Cardinal Key will be hosting a Red Cross Blood Drive from 11 a.m. until 4 p.m., Sept. 9-11, in the Student Union Building

Activities Room. Everyone is encouraged to participate.

One Day's Pay, a non-profit public benefit corporation, was founded in 2002 to honor the victims of the Sept. 11 terrorist attacks on America. The organization is not affiliated with any charity or organization. Its mission is to support all worthy causes. Go to <http://www.onedayspay.org> for more information about One Day's Pay.

The SERVE Center assists and promotes student involvement in community service. It provides information about organizations that are looking for volunteers. The center also assists volunteers in contacting someone involved in a particular project. Students can fill out an information sheet at the SERVE Center that allows the Center to notify a volunteer of an opportunity that appeals to their interests.

Contact the SERVE Center at 785.7222 for more information about the food drive. Contact Sara Clouse at 785.7119 for more information about the blood drive.

## Truman State University Nursing Program Receives Accreditation

The Truman State University Nursing Program is pleased to announce that the Commission on Collegiate Nursing Education (CCNE) has granted 10-year accreditation of the baccalaureate degree nursing program.

"I would like to thank the Truman community for their involvement and support in the self-study process, and in helping us host the on-site evaluation visit." Dr. Stephanie Powelson, nursing program director, said. "The evaluation visitors offered many positive comments about Truman and the Nursing Program. Additionally, community agencies, alumni, employers of alumni, and the Nursing Program Advisory Council contributed a great deal of support and assistance during the process of obtaining CCNE accreditation."

Officially recognized by the U.S. Secretary of Education as a national accreditation agency, the Commission on Collegiate Nursing Education (CCNE) is an autonomous accrediting agency contributing to the improvement of the public's health. CCNE ensures the quality and integrity of baccalaureate and graduate education programs preparing effective nurses. CCNE serves the public interest by assessing and identifying programs that engage in effective educational practices. As a voluntary, self-regulatory process, CCNE accreditation supports and encourages continuing self-assessment by nursing education programs and the continuing growth and improvement of collegiate professional education.
