19th Annual Student Research Conference Nears

On April 20, Truman will hold its 19th annual Student Research Conference, which will feature a broad spectrum of presentations from all degree-granting academic divisions. Scheduled classes will not formally meet during the day of the Conference, thereby providing the opportunity for all students and faculty members to attend and fully participate.

The day will be a Universitywide celebration of undergraduate and graduate research, scholarship and creative achievement. This year's Conference will be a record year, with 319 presentations delivered by 399 student authors who are mentored by 161 faculty members. Students will present their scholarly work in a range of presentation types, including oral papers, posters, performing arts, studio arts and technology displays.

The day will also include a Conferencewide Plenary Address by Naomi

Shihab Nye, acclaimed poet, essayist and teacher. The Plenary Session begins at 11 a.m., in Violette Hall 1000, and it will include a lecture, poetry reading, question and answer session and book signing.

Several informal, roundtable-type discussion sessions will take place during the lunch break. Three discussion sessions are designed for students to learn how to get started on a scholarly project, how to integrate scholarly projects into their curriculum, as well as opportunities for conducting research during the first year. Two other discussion sessions are focused on faculty issues. These will focus on strategies for using scholarship in the classroom and the role of the library in fostering faculty-student research.

To view the full Conference program and all presentation abstracts, visit the Conference Web site at <http://src.truman.edu>.

Students Recognized at Criminal Justice Conference, Competition

During the week of March 19-25, Scott Chenault, instructor of justice systems, accompanied 16 Truman students of the Lambda Alpha Epsilon, Chi Chapter, to the American Criminal Justice Association (ACJA-LAE) national conference in St.

Charles, Ill. As part of the conference, the students and

faculty member participated in a series of competitions designed to test their abilities in various fields of criminal justice. The competitions are divided into four areas: academic testing, physical agility, crime scene investigation, and firearms.

Each competitor is assigned to one of three competition levels for all of the events. Lower division consists of people who have completed less than 70 hours of college credit. Upper division consists of people who have completed more than 70 hours of college credit and includes graduate students. Finally, the professional division consists of anyone who is currently employed in the field of criminal justice.

The Truman group had another successful showing, finishing in third place as a team for the second consecutive year. The group totaled five trophies in the area of academic testing, and a first place trophy in the Lip Sync contest.

Nick Zotos, a freshman justice systems major from Chesterfield, Mo., won first place in the lower division police management test, while Kristi Schneider, a senior justice systems major from Rolla, Mo., took second place in the upper division of the same category. Additionally, Maria Kaylen, a junior justice systems and pre-secondary education double major from Columbia, Mo., finished in second place in the upper division of the juvenile justice test. Chenault finished with second place trophies in both the corrections and police management exams in the professional division. In a more lighthearted, although

just as fierce, competition, the foursome of Kristin Jacobs, a freshman justice systems major from Kirksville; Jordan Lile, a freshman justice systems major from Kirksville; Brianna Wagner, a freshman justice systems major from Ballwin, Mo.; and Zotos won first place in the Lip Sync contest with their Blues Brothers montage.

In addition to the trophies won by the members of the team, Truman students also claimed three cash prizes for success in a national student paper competition. Sarah Wisdom, a junior justice systems major from Grandview, Mo., finished in third place in the upper division of the paper contest, while Beatrice Kelrick, a junior justice systems major from Kirksville, finished second. In the lower division, Jon Wolf, a sophomore justice systems major from Long Prairie, Minn., took first place.

Other team members who participated were Lindsay Lambert, a junior biology major from Maryland Heights, Mo.; Lauren Block, a junior justice systems major from Florissant, Mo.; Taryn Spoon, a junior justice systems major from Beardstown, Ill.; Kenny Jacobs, a senior justice systems major from Kirksville; Jasmine Nedvin, a junior accounting and pre-special education double major from Wildwood, Mo.; Jeff Stieff, a sophomore justice systems major from Wentzville, Mo.; Gabby Stocke, a junior justice systems major from St. Louis; Theresa Putnam, a senior justice systems major from Letts, Iowa; and Paul Strinni, a junior justice systems major from St. Louis.

One of the most acclaimed off-Broadway shows of the 1990s, "Violet" borrows its musical style from the American traditions of blues, gospel and folk.

The Truman State University production will feature local blues band, Deadwood, along with Truman graduate students, Michelle Jones and Leslie Sikes, and Daryl

Fazio, assistant professor of art, performing with the band. "Violet" is rated PG due to mild language and sexual situations.

With a score by Jeanine Tesori, book and lyrics by Brian Crawley, "Violet" won the New York Drama Critics Circle Best Award for Best Musical in 1997. It was the first off-Broadway musical to earn this honor.
