Truman Board of Governors Meets

The Truman State University Board of Governors met in Kirksville, April 14, at its regular April meeting. Among the action items it considered were the approval of proposed renovations to Blanton/Nason/Brewer (B-N-B), the refurbishment and replacement of the seating and flooring in Baldwin Hall Auditorium, and the renovation of a building for the Regional Professional Development Center.

The former project is part of the University's on-going, \$91 million effort to renovate on-campus student housing and the Student Union Building. The B-N-B project will commence this summer and will be concluded in time for the fall 2008 semester. The latter two projects are slated to be completed for the fall 2007 semester. The total value of these three renovation projects is estimated at \$7.97 million.

The Board also approved upgrading an existing exercise science pattern in athletic training to a freestanding Bachelor of Science athletic training degree program. A new undergraduate Bachelor of Arts program in Romance language was also approved by the Board, building on Truman's strong existing foreign language programs. Both programs will be operated with existing resources and will now be submitted to the Missouri Coordinating Board of Higher Education for final approval.

In other business, the Board of Governors

approved a modest increase in enrollment fees for the 2007-2008 academic year. Tuition and fees for full-time, in-state undergraduate students will be \$6,210, a 3.9 percent increase. Out-of-state fees for full-time undergraduate students will be \$10,820, a 4 percent increase.

"These modest fee increases are necessary to preserve the quality of the education we offer to our students," Truman President Barbara Dixon said. "The Board of Governors is committed to ensuring that Truman remains both affordable and the institution of choice for academically talented students seeking an outstanding education in the liberal arts tradition."

The additional funds will be used to meet mandatory cost increases such as utilities and increased minimum wages as well as qualitative improvements in instructional equipment and campus technology.

Based on a referendum vote by the student body, the Board also approved a \$50 per semester-designated fee to support athletic facilities and programs. The fee was supported by 54 percent of the voters and will be used to improve athletics facilities used by all students and help maintain Truman's varsity sports programs.

Gardner Named Educator of the Year

Pamela Gardner, assistant professor of nursing, was announced as the 2007 Educator of the Year at the 18th annual banquet April 10.

Gardner began her career at Truman in 2000.

She received her B.S.N. from Fitchburg State College and her M.S.N. from the University of Missouri-Columbia. Her primary areas of expertise are child-family and maternal-neonatal nursing.

This year more than 120 students nominated a record-breaking 82 faculty

members for the Educator of the Year award. The eight-member student committee first narrowed the group down to 12 semi-finalists and then to six finalists. Finally, after reviewing the written responses by the nominated faculty members, getting input from the students in their classes and observing the faculty members in their classrooms, the committee selected this year's honoree.

Students from Student Senate, the Pershing Society and Phi Kappa Phi serve on the Educator of the Year committee.

Truman Celebrates Graduate Education Week

Missouri Gov. Matt Blunt proclaimed April
16-21 Graduate Education Week.

To publicize its graduate programs, Truman's
graduate office will have an informational table
from 11 a.m. to 2 p.m. April 17 and 18 in the
Student Union Building. Graduate students and
faculty will also be wearing identifying stickers
throughout the week.

The University's graduate programs include
accountancy, headed by Scott Fouch, professor
of accounting; biology, headed by Scott Burt,

associate professor of biology; communication
disorders, headed by Janet Gooch, associate
professor and director of communication
disorders; English, headed by Alanna Preussner,
professor of English; education, headed by Sam
Minner, dean of education; and music, headed by
Warren Gooch, professor of music.

The purpose of Graduate Education Week is
to foster a greater public understanding about the
indispensable benefits that graduate and advanced
study provide for Missouri.

Lyceum Series Presents Truman Showcase

The Truman State University Concert Per-
cussion Ensemble I and the Truman Wind
Symphony will be spotlighted in the upcoming
Kohlenberg Lyceum Series concert.

The concert will take place at 7:30 p.m. April
21 in Baldwin Auditorium

The Concert Percussion Ensemble I is under
the direction of Michael Bump, associate professor
of percussion studies at Truman.

The concert will feature internationally re-
nowned marimba virtuoso and composer, Michael
Burritt. He is presently the director of percussion
and chair of the instrumental area at Northwestern
University in Evanston, Ill.

Besides performing with the ensemble, Burritt
will also be conducting master classes as well as
private lessons for percussion students.

Truman Wind Symphony is directed by Dan
Peterson, director of bands.

The symphony will be performing three new
musical selections including one composed by
Frank Ticheli and one commissioned by Randy
Smith, professor of saxophone. The final section
will be a three movement work dedicated to the
memory of one of Truman's alumni, Raydell Brad-
ley. This work was written for Bradley by one of his
students who studied with him at Pacific Lutheran
University.

Contact Michael Bump at 785.4052 or at
mbump@truman.edu for more information about
the performance and Burritt's residency.

Tickets for the performance are available. Tick-
ets are free to all students, faculty and staff. Tickets
for faculty and staff are available in the Center for
Student Involvement, and students may pick their
tickets up in the Student Activities Board office.

Contact the Public Relations Office at
785.4016 for more information.

Students Take Part in Act! Speak! Build! Week

Students will participate
in a weeklong advocacy
campaign during Habitat
for Humanity's Act! Speak!
Build! Week 2007 April
16-22. This year's theme is
"What a Difference a Home
Makes."

The purpose of the week
is to highlight the need to
eliminate substandard hous-
ing and to create affordable
housing opportunities.

Truman's Habitat chapter
will be on the
Quadrangle April 17-19 passing out statistics on
poverty and selling T-shirts.

The chapter will also be hosting Maria Pyra,
a youth program consultant from Habitat for
Humanity International. She will speak at 8 p.m.
April 19 in Magruder Hall 1090. Pyra will be

helping to build.*

accompanied by Truman
Habitat members who
will be talking about their
experiences volunteering
in South Carolina during
midterm break.

The Truman chapter
of Habitat for Human-
ity works with the local
Kirksville chapter to build
and refurbish housing for
low income members of the
community. The chapter

is primarily concerned with increasing awareness
about the needs of the community, fund-raising,
and providing free labor at the building projects.

Contact Jessica Lufkin at jlufkin@truman.edu
or visit <http://habitat.truman.edu> for more
information.

NOTABLES

Mehmet I. Goksu, assistant professor of physics, recently published his article, "Edge Magnetoplasmons in a Partially Screened Two-Dimensional Electron Gas on a Helium Surface," in *Physical Review B* 75, 115323 (2007).

Huping Ling, professor of history, has organized and served as chair and discussant of two panels at the Association for Asian American Studies 2007 Conference held April 4-7 in New York City. The titles of the these panel sessions were "Emerging Voices: The Experiences of the Underrepresented

Asian Americans" and "Negotiating Space: New Asian American Communities." She also presented the third panel "The Great Third Coast: How Teaching in the Midwest and South Challenges Asian American Studies."

Jim Turner, associate professor of business administration, attended the "Climate Change & Energy Policy Forum" April 4-5 at the Missouri Botanical Garden in St. Louis. About 200 representatives from Missouri businesses, utilities and academia attended.

Summer Wellness Program Scheduled

Jennifer Hurst, athletic training clinical education instructor, is hosting a wellness program beginning June 2007. The class is called "Move It, Lose It: Change for Life."

Hurst plans to promote healthier lifestyles through an education and exercise-based program focused on teaching group members the skills needed to empower lifetime health behavior change.

All area Kirksville residents are invited to participate. The program is designed for those who are currently inactive and would like to make

some changes.

There are 50 spots available for this class. Cost is \$50 for the entire nine-week session and includes the use of a pedometer during the time.

Meetings will take place on Tuesdays and Thursdays June 5 through Aug. 9. Two class times are available, either noon-1 p.m. or 7-8 p.m.

Participants with 80 percent attendance will get to keep their pedometer at the end of the session.

Contact Hurst at 785.4464 or at jhurst@truman.edu for more information or to sign up.

Organizations Ask Students to Help Troops

Blue Key National Honor Fraternity and Cardinal Key are hosting a weeklong campaign recognizing U.S. troops deployed overseas, April 15-21.

The campaign is titled "Rockin' For Our Troops." The two organizations will be collecting care package donations, monetary donations and letters from Truman students and the Kirksville community.

Throughout the week there will be bins and tables set up across campus for donations.

The campaign culminates at the Matt Wertz concert hosted by the Student Activities Board at 8 p.m. April 20 on the Quadrangle. In conjunction with the concert, students and community members will be able to drop off donations at this event as well as record video messages for soldiers.

SAB's Final Blowout from 2-6 p.m. April 21 on the Quadrangle will be the last opportunity to make donations.
